Helpful Tips

Before Submitting Your Artwork:

Pick your best piece – Choose work that represents your style, skill, and effort. Don't just pick something because it's "done."

Finish strong – Make sure your piece looks complete and intentional. Take time to add those final touches.

Mount or frame properly – Presentation matters! A clean frame or matting makes your work look professional and ready for the spotlight.

Label everything – Artist Name and School on the back of your piece.

Think about the message – What story or emotion are you trying to convey? Art with meaning stands out.

Technical Tips:

Check your materials – Make sure paints are dry, fragile items are secured, and everything is clean and smudge-free.

Use sturdy backing – Flimsy or curling paper can ruin the presentation. Use foam board or mount paper works for a clean look.

Test your hanging method – Use D-rings, wires, or other secure hardware. Tape, string, or command hooks won't cut it.

Let's make your art shine—safely and professionally!
